

### Sportinnovator Centrum Groningen

On February 9<sup>th</sup> 2016, Prof. dr. Koen Lemmink received the Award for Sportinnovator Center on behalf of the Sport Science Institute Groningen and the project partners. Next to Groningen there are, as of February 9<sup>th</sup> 2016, another 11 centers in the Netherlands. These centers must provide more profitable sport innovations that contribute to better performance in elite sports, a higher sport participation and a more active lifestyle in the Netherlands. Seven out of 12 centers have been given a financial impulse, among them Groningen.

The Sportinnovator Center Groningen is part of the Sport Science Institute Groningen and its mission is to engage people to move in a better and healthier way due to sport- and movement innovations. This will be organized through two thematic innovationhubs:

- Elite sports & Talent
- Movement & Health

Within these innovationhubs science, practice and business will cooperate for sport innovations. Below you find an overview of the partners that are involved with the Sportinnovator Center Groningen.
